NECTARA

Organic Coconut Syrup 100 % Pure Natural Sweetener

NECTARA Coconut Syrup is made from 100 % pure coconut sap taken from the flower bud stems of certified organic coconut trees in Central Java. Fresh sap is skillfully extracted by a revolutionary preservative-free tapping and collection system that makes **NECTARA** Coconut Syrup the highest-quality and best-tasting coconut syrup. To assure a superior product, fresh sap is immediately concentrated by evaporation (under the same principles and standards as high-quality maple syrup). **NECTARA** Coconut Syrup carries industry standard certification seals. It is therefore made by applying biological and mechanical practices that support ecological balance, on-farm cycling of resources and the conservation of biodiversity.

NECTARA

Organic Coconut Syrup

Friendly Sweetener

SUPPORTS FAMILY FARMS. AMBER. RICH TASTE

Versatile * Natural * Nutrient-Rich

NECTARA Coconut Syrup is the perfect addition to naturally enhance and use for :

Hot Drinks, Smoothies, Pancakes, Waffles, Porridge, Natural Yoghurt, Ice Cream, Dessert as sugar substitute in baking, as a honey and sugar replacement.

High-Quality * Fresh * Long Shelf Life

The whole production - from sap collection to bottling - ensures a high quality syrup in strict compliance with the Organic Product Regulations of EU, Canada and USA.

NECTARA Coconut Syrup is a delicious and exotic syrup that has a caramel-like aroma and taste. Nectara Coconut Syrup has a defined sugar content (brix) which is found to be the ideal sugar content of the coconut syrup for its viscosity, color, aroma and long shelf life.

Ethically Harvested * Organic * Sustainable

NECTARA Coconut Syrup is a 100% certified organic coconut syrup originated from naturally grown palm trees on the island of Java, Indonesia. The whole production – from sap collection to bottling – ensure a high quality syrup in strict compliance with the Organic Products Regulation of EU, Canada and USA. Sustainable sap harvesting methods are applied to allow coconut palm trees to still grow an abundance of coconuts.

Vegan * Vitamin-Packed * Low Glycemic Index

NECTARA Coconut Syrup has a consistent gold to amber color. It contains vitamins (B and C), essential amino acids and zinc that boosts the immune system, which makes it one of the most nutrient-rich sweeteners in the world. Thanks for its high sucrose content and its contents of some inulin, the Glycemic Index (GI), the standard measurement of blood glucose to rise upon sugar consumption for 2 to 3 hours, is only between 35 and 55 , compared to other sweeteners, such as refined sugar and raw sugar that have a GI of 80 and 65 respectively. Older adults or people who are at risk for diabetes can use Nectara Coconut Syrup to maintain reduced blood sugar levels.

Exotic * No Additives * No Preservatives

NECTARA Coconut Syrup is unique thanks to the innovative sap tapping system that enables the collection and processing of sap without the use of any preservatives.
